What Type of Writer Are You?

This class isn't about plotting or writing by the seat of your pants. It's about *you*. And your mind. The way you approach things. There's no right or wrong...there's just different.

Two Types of Minds

>	The Mathematical Mind – those who think logically, taking each argument or problem step by step to arrive at an answer
>	The Intuitive Mind – those who jump directly to an answer without knowing how or why
How th	his applies to a writer:
>	The Logical Writer

> The Intuitive Writer
